ERRATUM   **Open Access**

Erratum to: Analysis of dispersion effect on a NRZ-OOK terrestrial free-space optical transmission system

Mohamed Bouhadda[1*], Fouad Mohamed Abbou[2], Mustapha Serhani[1], Fouad Chaatit[2] and Ali Boutoulout[1]

Erratum

In this version of this article that was originally published [1] there were typographical errors in abstract:

1. In the abstract under the Background: freespace should be written as free-space
2. In the abstract under the Results: of 10-9 should be written as of 10^{-9}
3. In the abstract under the Conclusion: 'The results indicate that the effect of dispersion due to pressure.....' should be written as 'The results indicate that the effect of dispersion resulting from pressure...'
4. In the abstract under the Conclusion: '... temperature increases with the propagation distance. What induces a high BER.' should be written as '.... temperature increases with the propagation distance, which induces a high BER.'

The original article was corrected. The publisher apologises for these errors.
